

Full manufacture & repair service for all manner of waterproof & protective coverings & equipment. Specially hand made to order bespoke items.

BOXED SHAPED TRAILER COVER MEASUREMENT GUIDE

Please use the following diagram to assist in providing the measurements required for your item.

Please use millimetres or centimetres.

Please state if you have specific eyelet spacing requirements, otherwise eyelets will be spaced evenly

- A - Total length of trailer body
- B - Total width of trailer body
- C - Side depth of cover required
